About HSHS Medical Group

About HSHS Medical Group

HSHS Medical Group is the physician organization of Hospital Sisters Health System (HSHS). Launched in 2009, HSHS Medical Group is a critical component of the HSHS Care Integration strategy, which focuses on bringing physicians, technology and patients together to improve the overall health of our communities. Today, HSHS Medical Group is comprised of over 1,300 colleagues in locations throughout Central and Southern Illinois. HSHS Medical Group is powered by the Franciscan history of the Hospital Sisters of St. Francis, and our faith-based identity led us to the single most important tenet of the HSHS Medical Group philosophy—patient-first care.

About Hospital Sisters Health System

Hospital Sisters Health System's (HSHS) mission is to reveal and embody Christ's healing love for all people through our high-quality, Franciscan health care ministry. HSHS provides state-of-the-art health care to our patients and is dedicated to serving all people, especially the most vulnerable, at each of our 15 Local Systems and physician practices in Illinois (Breese, Decatur, Effingham, Greenville, Highland, Litchfield, O'Fallon, Shelbyville and Springfield) and Wisconsin (Chippewa Falls, Eau Claire, Oconto Falls, Sheboygan and two in Green Bay). HSHS is sponsored by Hospital Sisters Ministries, and Hospital Sisters of St. Francis is the founding institute.

Joslin Diabetes Center

Joslin Diabetes Center Affiliate at HSHS Medical Group delivers world-class care close to home. Our highly specialized team of experts—board-certified endocrinologists, nurse practitioners, certified diabetes educators and dietitians—work together to provide our patients with the tools they need to manage their diabetes and live their best lives.

What is the Joslin Diabetes Center?

The Joslin Diabetes Center in Boston is the global leader in diabetes research, care and education. Founded by Elliott P. Joslin, MD, in 1898, Joslin is an independent, nonprofit institution affiliated with Harvard Medical School and dedicated to conquering diabetes in all of its forms.

In 1987, Joslin's Affiliated Programs were started to make Joslin's services and expertise available to premier hospitals, health care systems and physician practices across the United States. These centers communicate with Boston and each other, sharing expertise and knowledge to offer the highest level of treatment to their patients.

Comprehensive Care

At Joslin Diabetes Center, we evaluate each patient's needs and offer a plan uniquely tailored to meet them. Our comprehensive services include:

- Intensive Diabetes Care and Management
- Physician Consultation
- Medication Management
- Glucose Monitoring
- Insulin Pump Therapy
- Self-Care and Self-Management
- Individual Education

Group Education

In group education, our patients meet and gain support from other people with diabetes and learn skills to manage the disease over a lifetime. Classes range from introductory basics for those newly diagnosed to more advanced classes for more experienced patients. When you are ready to get your diabetes under control, we are here for you.

Our education drives results:

- 99% lower their A1C
- 96% lose weight
- 100% report an increase in diabetes coping skills
- 100% report an increase in diabetes problem solving
- 100% no cost for introductory class
- 100% of our diabetes educators are compassionate about helping those who have diabetes

Check out our class schedules online at HSHSMedicalGroup.org/Joslin. Your patients can register online or call 217-787-8870 or 618-589-9051.

Multi-Disciplinary Team

We believe that every interaction with you is an opportunity to create an outstanding patient experience. Our promise of patient-first care means we focus solely on you. We are committed to respecting your needs and dedicated to delivering patient-first care through selfless service.

Our providers are part of a multi-disciplinary team that provides comprehensive, coordinated care, including endocrinology, diabetes education, podiatry, optometry, wound care, weight management, cardiovascular, behavioral health care and telehealth.

Contact Us

If you have questions or need additional information, please call us at 217-787-8870 or 618-589-9051. We look forward to hearing from you.
