

find care at
home

High-level care, any place you call home.

HOME HEALTH • HOSPICE

Sacred Heart
St. Joseph's

A sunset over a body of water. The sun is a bright, glowing orb in the upper right, casting a long, shimmering reflection across the water's surface. The reflection transitions from yellow and orange near the sun to red and purple further away. The water's surface is covered in gentle ripples, creating a textured effect. The sky is a pale, hazy yellow. The overall mood is peaceful and serene.

*“I had amazing nurses. They
were so great and thoughtful.
They felt like family.”* – Wayne Z., Chippewa Falls

Home care: a deeper level of support

HOME CARE SERVICES

Home health Hospice

There's no place like home when you're recovering from an injury or illness. Especially when you and your loved ones want to experience life's full potential.

Find the support you need as a patient or a caregiver. Our specially trained team brings high-level care, training, emotional and spiritual support directly into your home—whether that's a private residence, assisted living or another environment.

Wherever you call home, our registered nurses are available 24 hours a day, every day, to improve lives in Eau Claire, Chippewa and surrounding counties.

find healing at home

HOME health

Maybe you've recently been in a hospital. Maybe it's just hard to leave your home for a medical assessment, therapy, wound care or other skilled care you need. We can help.

As your partners in better health, we support you and those who care for you by creating the best plan to meet your unique needs, offering:

- Medication review, education, skilled assessments and essential treatments for recovering from an illness or injury.

- Physical, occupational and speech therapy to regain strength and ensure a safe adapted environment.

Our experienced team offers skilled nursing coupled with the latest technologies to help you manage medical situations at home. The team features registered nurses; medical social workers; physical, occupational and speech therapists; and certified nursing assistants.

find peace at home

HOSPICE

This life-affirming comfort care for people in the last months of life offers benefits to patients and families alike. From pain management to instruction on daily home needs to learning to cope with loss, people receive a combination of skilled medical care and emotional support. That's crucial for experiencing the dignity, peace and higher quality of life we all deserve at the end of life.

Hospice offers comfort when curative treatment is no longer desired. Under a physician's

direction, hospice manages pain and other symptoms to enable a patient to live as fully and comfortably as possible. That can be in the comfort of a private home, skilled nursing or assisted living facility, or wherever someone calls "home".

Our specialized team includes registered nurses, social workers, certified nursing assistants, chaplains, trained volunteers and bereavement staff. Complementary therapies such as massage are also available.

Who pays for home care?

Patients who have Medicare, Medical Assistance or private insurance benefits may be entitled to home care if they meet the criteria of these programs. **To see if you qualify, ask us for a FREE consultation.**

If you are unable to meet the criteria for coverage, care is available on a private pay basis. Service is available to all regardless of ability to pay.

find the support you need at home

- Services available 24 hours a day, seven days a week.
- Referrals for home health and hospice care are accepted based on the location of the patient's home and our team's ability to meet each patient's unique needs.
- Visit our website to watch online videos of our caregivers and learn who we are, how we help families and why we provide this meaningful care rooted in the Franciscan values of respect, care, competence and joy.
- See why people recommend our team, routinely ranked highest in the region for patient satisfaction. With extensive experience, training and certifications, we act as your partner in providing high quality, high touch care.

Service Area: Chippewa and Eau Claire counties
Plus portions of: Barron, Dunn, Pepin, Buffalo,
Trempealeau, Jackson, Clark, Taylor and Rusk counties
