COVID-19 Dashboard-ICU Stays Started and Total Beds

Audience: Hospital: *Infection Prevention, Nurse Managers, CEO/Executives, CMIOs, Pharmacy Managers, Clinical Informatics/Clinical Optimization Specialists*
Clinic: *Assigned Staff*

Epic Dashboard, COVID-19 Pulse, is available for a select group of targeted leaders to monitor COVID-19 trends and real time data. Trending data is automatically updated every four hours.

Two new components added to assist with **Capacity** and **Utilization Data** submission information for the **White House Coronavirus Task Force**.

- Number of ICU Stays Started
- Total Acute and ICU Beds

Number of ICU Stays Started component will help you see the number of new ICU stays for a specified time period as you manage patient care for novel coronavirus disease (COVID-19).

- Can view a graph so that they can see a historical volume of patients in the ICU over time. Hover over a value on the graph to access more details.
- Click the badge to open a report showing details about the patients contributing to the count.

Let's Take a Look

Total number displays
