

HSHS St. Anthony's has enhanced our ministry of healing by providing an outdoor healing garden for our patients, visitors and staff. This therapeutic environment provides an area of sanctuary and solace for all who wish to visit it, whether they are a patient here or a community member who needs a quiet place for contemplation. The Healing Garden is located in the area between the Prairie Heart Institute and the Chapel. The Healing Garden includes a winding, wheelchair-accessible path, benches and lush plants to ensure privacy and serenity for those visiting the area.

Commemorative Opportunities

Throughout HSHS St. Anthony's, you will find reminders of the generosity of our community members. The Healing Garden at St. Anthony's gives us an opportunity to recognize the support of so many by offering commemorative pavers.

As we continue to expand and grow the Healing Garden at St. Anthony's, you have the opportunity to recognize your contribution to the healing of body, mind, and spirit of St. Anthony's patients.

Consider making a contribution to commemorate a birth, "in memory of", an anniversary, your family or business name, or an anniversary or celebration.

Your commemorative paver will be placed in future landscaping endeavors throughout the Hospital campus.

Your gift will provide lasting recognition of someone special for others to observe and enjoy as we continue our ministry of healing; a healing of body, mind, and spirit.
