

Pardon our Construction

Starting June 16, the main lobby entrance/exit will be closed for approximately a month to replace the main lobby interior and exterior sliding doors.

Visitors should enter the hospital through the **pre-surgical entrance weekdays during business hours and through the emergency entrance evenings and weekends**. Please see the below campus map.

Watch for signage directing to the main elevators and the nearest emergency exit.

Thank you for your patience and understanding as we improve the main entrance for our patients and visitors.
