

Thank you for your interest in volunteering for our hospital.

We consider our volunteers important members of our hospital family who are committed to the hospital's mission and values. Our volunteers are dedicated, professional, caring and take their service seriously. Please take the time to read all of the requirements before submitting your application.

The process for becoming a volunteer includes:

- Completing an application and caregiver Background Information Disclosure (BID)
- Having a background check performed (all volunteers 18 and older)
- Having a personal interview with a Volunteer Services colleague
- Receiving a TB test, rubella/rubeola mumps and varicella titer and an influenza vaccination (in season), at hospital expense
- Reviewing the volunteer handbook, annual education packet and completing corresponding paperwork
- Attending a hospital orientation

Once you are chosen as a volunteer, we will do our best to give you an assignment that fits your special interests, skills and schedule.

I look forward to receiving your application and BID form. If you have any questions or concerns, please contact me.

Sincerely,

A handwritten signature in black ink that reads "Janet R. Anderson". The signature is written in a cursive style with a large initial 'J'.
