

# HEALING GARDEN PAVERS

## for infant loss

The Auxiliary of HSHS St. Joseph's Hospital's Share program invites you to order an engraved paver in memory of the loss of an infant, through pregnancy loss, stillbirth or in the first few months of life.

An engraved paver placed in the healing garden at St. Joseph's Hospital in Breese is a wonderful way to honor your sweet angel. The pavers will be prominently placed inside the garden located near the inpatient wing on the hospital campus. Proceeds from the paver sales will go towards maintaining and preserving the beauty of this tranquil place. The cost of the pavers is tax deductible to the extent allowed by law and there are limited spaces available. Please order yours today!

### PRICING

## GUIDELINES TO ORDER PAVERS

1. Earlier contributions to the Share program are not applicable to the purchase of a paver.
2. Pavers will be inscribed collectively twice per year on May 1 and September 1. Placement will then take place by June 1 and October 1.
3. Paver inscriptions are not limited to a number of letters, but the font size will change with the length of the inscription and the size of the paver ordered.
4. The paver inscriptions are limited to text only, no images or colors, must be in good taste and be approved by HSHS staff prior to installation.
5. 100% of the proceeds raised by paver sales are expressly earmarked for the maintenance and improvement of the healing garden each year.
6. Placement of the pavers is at the discretion of HSHS St. Joseph's Foundation.
7. The purchase of dedicated benches along walkways may also be purchased for \$5,000 each (limited number available - first come, first served availability).
